

June 8, 2015

Dear Customer,

This letter is to follow up our notice of April 15<sup>th</sup>, 2015, where you were notified that we decided to phase out the products including Screw Conveyor, Bucket Elevators, Bottom Drags and all similar products that were part of the Goodman/Hewitt Bulk Conveyor product line. We are completing all orders in our backlog and will support warranty parts and any currently outstanding service orders through the warranty period.

I am pleased to announce that we are in the final stages of selling the Goodman-Hewitt Bulk Conveyor Equipment assets to a company to support existing equipment in the market for the above-referenced products, as well as offer new equipment. TPI Engineered Systems, Inc., with an address of 8481 Newman Street, Douglasville, Georgia 30134, is the company that will be servicing this product in the future. You may contact Stu Shirley at (770) 485 - 7100 Ext. 671 or email Stu at [sshirley@tpies.com](mailto:sshirley@tpies.com). He will answer any questions that you have.

I wish to thank you for your past Screw Conveyor business and tell you how much we look forward to serving your other conveyor needs. Please don't hesitate to call if there is anything we can do for you during this transition. For any questions, please call Lisa Nix, Customer Service Manager, Winfield, Alabama at 205-487-1913.

Sincerely,

**JOY GLOBAL**

Doug Markham  
Sales Manager Conveyor Components
